PATENTS.
AMERICAN AND FOREIGN OFFICE,
And Registrar of Patents, Submarine
No 2 State Street—Boston
THE subscriber by appointment from the Com-
missioner of Patents, is Agent of the U S
Patent Office for the purpose of receiving and for-
warding to the same all such models, specimens of
inventions and drawings as may be intended to
be patented, or deposited therein which will be
accepted and forwarded free of expense and
risk to their owners, and with all possible dispatch.
The subscriber will prepare German, Spanish,
French, Italian, and Swedish Patents, and Patents
and Drawings will make researches into American

and Foreign works for establishing the validity or utility of inventions, and render advice on all legal and scientific matters connected with the same. For full particulars apply to the nearest Patent Office.

By application at this office inventors are saved the time and expense of a journey to Washington and delay there, as well as the expense of obtaining their patents. The expense of following this practice—an extensive collection of new works documents deals are on hand:—

1. All subjects of the Patent Laws—and patents of all different countries—being in force, and our catalogues of the subjects of the office have been established, and to which daily additions are being made together with accounts here kept of inventions patented at Washington, enable us to afford important assistance to inventors, and to the agents of securing Patents with which our readers might be difficult of attainment.

Timber Land for sale.
A TRACT of 2500 acres of Timber Land, situated in
Township No 3, 10 Range, west from the east line
of the State, the same being an undivided third of
the north 1/2 part of the township. The east and
west branches of the Mattawauke River pass cen-
trally through the tract making the distance to half
timber comparatively small.
The facilities for getting the timber to market
are unsurpassed, and the expense of driving, small,
there being those who are already ready to contract
to drive logs from this township for from 25 to 37 1/2
cents per thousand feet.
The entire property belongs to the estate of a
gentleman recently deceased, and payment will be
required as cash, or that which will command the
same upon the execution of the deed.
The facilities for getting the timber to market,
comparatively for that purpose doubt probably, be
appointed by contract of parties.
The land will be sold with or without the inter-
ests in the present timber operations.
